RE: Notification of Qualification, MIL-PRF-3098/56 and /133, FSC 5955, VQ (VQH-13-026075),
CN# 038983

Dear Mr. Updike:

We have completed our review of your qualification test report 3098-3829-13 in accordance with MIL-PRF-3098 requirements. The test results for the subject device types submitted have been approved, and they are listed below. Qualification of your products is issued under the current issue of Military Specification, as a result of your successful qualification testing in accordance with the test report number listed in the Qualification Reference Section below. Therefore, your products will be listed as shown below on Qualified Products List (QPL) 3098.

Designation Government	Designation Manufacturer's	Reference Qualification	Sheet Specification	Name and Address Manufacturer's
*CR85/U (2.25M000000-20M000000)	CR85/U + Frequency	3098-3829-13	/56	Precision Devices Inc. 8840 N. Greenview Dr. Middleton, WI 53562-0155
*CR152/U (16M000000-61M000000)	CR152/U + Frequency		/133	Plant: Same

This qualification approval is subject to the conditions and restrictions as stated in DOD Manual 4120.24-M, SD-6 and as listed below.

Qualification of your materials and processes is granted effective March 28, 2013 under the current issue of the Performance Specification MIL-PRF-3098, Crystal, Quartz, FSC 5955. This action is a result of successful qualification in accordance with test report number 3098-3829-13.

To maintain this listing as specified in paragraph 4.7.5, retention of qualification, you are required to provide a retention report every twelve months. The standard reporting period is from January 1 through December 31. Your first reporting period is from April 1, 2013 through December 31, 2014. The original data must be retained by your company and is to be made available to authorized government representatives upon request. Failure to submit reports by the scheduled date will require your company to immediately suspend all shipment of products covered by this qualification.

If the summary results indicate nonconformance with the requirements of MIL-PRF-3098, and acceptable corrective action has not been taken, we may remove the failing device part numbers from the QPL. If during two consecutive reporting periods, there has been no CI and PI of product using QPL processes and materials on the certified line(s), you may be required at our discretion, to perform supplemental process qualification testing. Failure to submit the summary report within 60 days from the 12-month period may result in loss of your QPL listing and certification. A DD Form 1718 may be used for this report with those products not produced during the reporting period.

Because we are held responsible for the accuracy and currency of this QPL, please let us know if your company discontinues production.

If you have any questions, please contact Mr. Rudd at (614) 692-0594.

Sincerely,

/SIGNED/

JOSEPH GEMPERLINE
